All NSE Members

Sub : Sun Outage - Capital Market Segment

Dear Members,

Indian Space Research Organization (ISRO) has informed us that there would be SUN OUTAGE from March 04, 2012 to March 18, 2012 between 11:00 hrs to 11:35 hours, due to which trading members may face connectivity problems at different times on different dates based on geographical location during this period. Location wise impact due to Sun Outage is attached in Annexure 1.

Further, as intimated by the Exchange vide circular no. 660 (download no: NSE/MEM/11821) dated December, 30 2008, capital markets would not be closed and trading would continue in the normal course during Sun Outage period.

Members are advised to use alternative mode of connectivity instead of VSAT during the above mentioned period for continuing trading without any disruptions on account of Sun outage as specified in Annexure 1. In case members do not have any alternate arrangement and they experience any difficulty they should log out and re-login after the outage period specified in Annexure 1.

Members are requested to take note of the same.
