Sub: Clients Details Mismatch – Reg

This is to inform you that as per our internal policy client should have same client code and should furnish same details both in PCS securities and PCS commodities.

Our internal auditors have observed that some clients are having different client codes and have furnished different email id's and mobile numbers for PCS Securities and PCS commodities.

We request you to rectify the same by 31-05-2016.

Please access the “Clients Details mismatch” file kept in ftp folder.

Regards,

PCS KYC Dept.
