Investment Strategy	The aim of the DAEF is to deliver above benchmark returns with due regard to capital conservation by providing long-term capital growth from an actively managed portfolio, mainly comprising companies registered in and / or listed on a regulated market of India. Income is not a primary consideration in the investment policies of the DAEF. The Scheme will invest across a range of market capitalisations with a preference for medium and large companies.			As mentioned in "Asset Allocation", the Scheme proposes to invest primarily in equities and for defensive consideration in a mix of equity and/or fixed income securities including money market instruments with the aim of generating capital appreciation over a long term. With this aim the Investment Manager will allocate the assets of the Scheme between equity and/or fixed income securities. The actual percentage of investment in equities and fixed income securities will be decided after considering the prevailing market conditions, the macro economic environment (including interest rates and inflation), the performance of the corporate sector, the equity markets and general liquidity and other considerations in the economy and markets.		
Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please refer to the Asset Allocation Pattern for Scheme Specific Risk Factors

<b>Investment Strategy</b>	The Fund Management team endeavors to meet the investment objective whilst maintaining a balance between safety, liquidity and the profitability of the portfolio. The Fund proposes to focus on high credit quality in the fixed income market. Generally the portfolio shall be invested only in securities issued by entities rated at least AA/P1 or equivalent. The aim of the investment strategy is to generate stable returns both in the short term and long term with a low risk, particularly minimal interest rate risk strategy. The Scheme shall be actively managed. The Scheme may invest in short term deposits of scheduled commercial banks in accordance with SEBI circulars issued from time to time. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by it as per the guidelines and regulations applicable to such transactions.			The Fund Management team endeavours to meet the investment objective of the Scheme whilst maintaining a balance between safety and return on investments. The Scheme shall predominantly invest in debt and money market securities; however depending on the views on the equity markets, the Fund Managers shall allocate the assets of the Scheme in equity / equity related instruments to enhance the overall return of the portfolio. The Fund shall primarily invest in a diversified portfolio of debt and money market securities from time to time. The Fund has an option to invest upto 10% in Equity / Equity related instruments. While the fixed income securities provide steady and consistent return, the equity component enhances the return of the total portfolio to offer a potentially higher return to the investors.																												
<b>Risk Profile of the Scheme</b>	Mutual Fund Units involve investment risks including the possible loss of principal. Investment Strategy	The Fund Management team endeavours to meet the investment objective whilst maintaining a balance between safety, liquidity and return on investments. As the primary objective of the scheme is to provide high liquidity along with low volatility the Fund Manager shall invest a significant portion of assets in short-term/floating rate securities, which carry low market risk. The Fund Management team shall formulate an active view of the interest rate movement by monitoring various parameters of the Indian economy, as well as developments in global markets.			The Fund Management team endeavors to meet the investment objective whilst maintaining a balance between safety, liquidity and generating stable returns. In line with the stated objective, the fund proposes to focus on high quality short term debt and money market securities. The investible securities shall primarily carry the highest short term rating (P1+ or similar); and likewise: AA or higher for a longer term securities. The asset allocation (minimum 50% in CDs & other liquid assets) is in line with the twin objectives of offering high liquidity and relatively higher safety to the investors of this scheme. By capping the investment tenor at 91 days the scheme proposes to minimise the interest rate risk which in turn will limit the return volatility and generate stable returns. The Scheme may also invest in short term deposits of scheduled commercial banks / BRDS in accordance with SEBI circulars issued from time to time. The Scheme will be actively managed.

Investment Strategy	The Fund Management team endeavours to meet the investment objective of the Scheme. The Scheme shall seek opportunities in the rapidly increasing use of debt markets by corporates across the credit spectrum. The key element of this approach is having the ability to analyse and price credit risk for short dated securities. The Scheme shall be actively managed and the Fund Management team shall formulate a view of the credit quality, interest rate movement etc. by monitoring various parameters of the Corporates/Indian economy, as well as developments in global markets. Identifying attractive investment opportunities on the credit maturity spectrum may be key to the performance of this fund. The Scheme may assume moderately higher credit risk as compared to a Scheme investing predominantly in AAA bonds/sovereign securities. The Scheme may try to leverage its international resource base to achieve the objectives of the Scheme.			The Fund Management team endeavours to meet the investment objective of the Scheme. The Scheme shall seek opportunities in the rapidly increasing use of debt markets by corporates across the credit spectrum.		

<b>Risk Profile of the Scheme</b>	Mutual Fund Units involve investment risks including the possible loss of principal. **COMPARISON OF EXISTING SCHEMES OF DEUTSCHE MUTUAL FUND**

Name of the Scheme	Investment Objective	Differentiation – Investment Pattern	Average AUM as on 30/09/11 (Rs. in Crs.)	No. of folios as on 30/09/11
DWS Alpha Equity Fund (DAEF) Open Ended Equity Scheme	The objective of DAEF is to generate long-term capital growth from investment in a diversified portfolio of equity and equity related securities.	The corpus of the DAEF will be invested primarily in equity and equity related securities. The Scheme may invest its corpus in debt and money market instruments, to manage its liquidity requirements. The Investment objective is to generate long term capital growth from a diversified portfolio of equity and equity related securities of companies registered in, and / or listed on a regulated market of India. The Scheme will invest in companies across a range of market capitalisations with a preference for medium and large companies.	110.53	19259
DWS Investment Opportunity Fund (DIOF) Open Ended Dynamic Allocation Scheme	The objective of DIOF is to generate capital appreciation on the portfolio over a long term by actively investing in different asset classes as per market conditions.	The corpus of the DIOF will be invested in mix of equity & equity related securities and Debt and Money market related instruments. Whenever in the opinion of the Investment Manager, the equity market valuation appears more attractive and the Investment Manager anticipates higher return compared to the debt market returns, the investment in equities would be highest. The Investment Manager will have the discretion to invest up to 100% of the assets in the portfolio in equity market/equity related instruments at that given point of time. However if in the opinion of the Investment Manager, the market valuation appears stretched and/or the risks outweigh the opportunities, the Fund could shift significantly in favour of Debt instruments.	97.31	18222
DWS Tax Saving Fund (DTSF) Open Ended Equity Linked Savings Scheme	The objective of DTSF is to generate long term capital appreciation from a portfolio that is invested predominantly in equity and equity related instruments.	The net assets of DTSF will be invested primarily in equity and equity related instruments. Cash equivalents), Securitised Debt and units of domestic money market mutual funds.	18.92	2255
DWS Global Agribusiness Offshore Fund (DGAOF) Open Ended Overseas Fund of Funds Scheme	The objective of DGAOF is to generate long-term capital growth by investing predominantly in units of overseas mutual funds, focusing on agriculture and/or would be direct and indirect beneficiaries of the anticipated growth in the agriculture and/or affiliated/allied sectors.	The Underlying Fund of the scheme invests in companies across the world engaged in agriculture, food & related sectors.	107.53	2504
DWS Money Plus Advantage Fund (DMPAF) Open ended Debt Scheme	The objective of DMPAF is to generate regular income by investing primarily in investment grade fixed income securities/money market instruments and to attain capital appreciation by investing a small portion in equity/equity related instruments.	DMPAF shall predominantly invest in Debt and Money market securities; however depending on the views on the equity markets, the Fund Managers shall allocate the assets of the Scheme in equity/equity related instruments to enhance the overall return of the portfolio. The composition of securitized debt could go upto 70% of net assets. The objective is to achieve balance between safety and higher return in order to generate better returns as compared to pure debt funds.	29.21	407
DWS Twin Advantage Fund (DTAF) Open ended income scheme	The objective of DTAF is to generate regular income (no assured income) in order to make regular dividend payments to unit holders and the secondary objective is growth of capital. However, there can be no assurance that the investment objective of the scheme will be achieved.	DTAF will primarily invest in fixed income securities with an option to invest up to 20% in equity/equity related securities. The objective of the Scheme is to enhance the return of the total portfolio to offer a potentially higher return to the investors over a long term by investing portion of portfolio in equity instruments.	33.68	695

**RISK MITIGATION MEASURES BY AMC**

Sr. No.	Nature of Risk	Risk Mitigation Measures by AMC
<b>For Equity Schemes</b>		
1	Liquidity Risk: Trading volumes, settlement periods and transfer procedures may restrict the liquidity of underlying investments.	All trades are executed on the two leading exchanges, the NSE and BSE. The internal investment process incorporates the days required to sell as an important criteria for investment decisions. Further, the days required to liquidate an investment is actively monitored by our internal systems. This ensures that the liquidity risk in the portfolio is minimized.
2	Settlement Risk: Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities' purchases due to settlement problems could cause the Scheme to miss certain investment opportunities.	The portfolio invests only in stocks listed on the Bombay Stock Exchange and/or the National Stock Exchange. Both these exchanges are regulated by SEBI. The counterparty risk and settlement risk for all trades on the NSE is guaranteed by the National Securities Clearing Corporation Ltd. ( a wholly owned subsidiary of the NSE); and by the Trade Guarantee Fund on the BSE. Fixed income investments for equity scheme are limited to highly liquid money market instruments and used only as a cash management tool. Therefore, this minimizes the settlement risk in the portfolio.

3	Volatility Risk: Equity securities and equity related securities are volatile and prone to price fluctuations on a daily basis.	The scheme has a diversified portfolio to counter the volatility in the prices of individual stocks. Diversification in the portfolio reduces the impact of high fluctuations in daily individual stock prices on the portfolio.
4	Risk of investing in unlisted securities: In general investing in unlisted securities are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Scheme will realize its investments in unlisted securities at a fair value.	As per SEBI guidelines, not more than 10% of the portfolio can be invested in unlisted securities. Rigorous due diligence is undertaken before any investments by the portfolio in unlisted securities.
5	Risk of investing in derivative instruments: The Scheme may also use various derivative and hedging products from time to time, as would be available and permitted by SEBI.	The scheme proposes to invest in derivative instruments subject to SEBI and internal guidelines. The scheme may invest in only exchange traded derivatives, as per current guidelines. Further, derivatives maybe used only for hedging and portfolio rebalancing.
<b>For Debt Schemes</b>		
1	Credit Risk: Debt securities are subject to the risk of an issuer's inability to meet principal and interest payments on the obligations.	The fund has a rigorous credit research process. The credit team analyses and approves each issuer before investment by the scheme. Further there is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.
2	Liquidity Risk: The corporate debt market is relatively illiquid vis-à-vis the government securities market. Even though the government securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.	The funds are envisaged to be an actively managed portfolios. The liquidity and volatility of a security is an important criteria in security selection process. This ensures that liquidity risk is minimized.
3	Investing in unrated securities: Lower rated or unrated securities are more likely to react to developments affecting the market and the credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated securities also tend to be more sensitive to economic conditions than higher rated securities.	The fund has a rigorous credit research process and as such all investments, rated or unrated, are analysed and approved by the credit team before investment by the scheme. Further there is a regulatory and internal cap on exposure to unrated issuers, limiting exposure to unrated securities.
4	Investing in unlisted securities: The Schemes may invest in securities which are not quoted on a stock exchange ("unlisted securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Schemes will realise its investments in unlisted securities at a fair value.	The scheme will be predominantly invest in listed securities and in some case in securities which are expected to be listed.
5	Settlement Risk: There have been times in the past, when settlements have been unable to keep pace with the volume of securities transactions, making it difficult to conduct further transactions. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are not invested and no return is earned thereon.	The AMC has a strong operational team and well laid out processes and system, which mitigate operational risks attached with the settlement process.
6	Investing in Securitised Debt: Investment in securitised debt (especially in pool securities) is subject of prepayment risk i.e. early payment of the principal. Though this will not changed the absolute amount of receivables for the investor, but may have impact on re-investment of the periodic cash flows received by the investor (re-investment risk).	Reinvestment risk is an inherent feature of portfolio management process. It can be managed by investing in securities with relatively low intermittent cash flows.

#### Transaction Charges

In compliance with SEBI circular no. Cir/IMD/DF/13/2011 dated August 22, 2011, and amendments if any, the AMC may deduct Transaction Charge for subscriptions made through distributors of mutual funds. Such Transaction Charge collected by the AMC will be paid to the distributor/ARN Holder (who have 'Opted in' to receive the transaction charges) through whom the investment has been made. However, no Transaction Charges will be imposed for investments made directly with the Fund.

Transaction Charge shall be subject to the following as well as amendments that may be made from time to time:

- For existing mutual fund investors, an amount of Rs. 100/- per subscription of Rs. 10,000/- and above.
- For a new investor investing for the first time in mutual funds, an amount of Rs. 150/- per subscription of Rs. 10,000/- and above.
- There shall be no Transaction Charge on subscription below Rs. 10,000/-
- There shall be no Transaction Charge on transactions other than purchases/subscriptions relating to new inflows.
- Such amount shall be deducted by the AMC from the subscription amount and paid to the distributor; and the balance amount shall be invested under the Scheme and units allotted accordingly.
- The Statement of Account sent to the Unit holder shall state gross subscription less transaction charge and also show the number of units allotted against the net investment.

All communication and payments shall be made to the First Applicant or the Karta in case of HUF.

### 2. Applicant Information

Applicants must provide all the details under New Applicant Information in the Application Form.

- Name and address must be given in full (P.O. Box Address alone is not sufficient). In case of NRIs/Flis' Overseas Address' should also be provided.
- Know Your Customer (KYC) :

In accordance with SEBI circular dated 27 April 2007, Permanent Account Number (PAN) issued by the Income Tax Authorities is the sole identification number for all participants transacting in the securities market including mutual funds, irrespective of the amount of transaction.

With effect from January 1, 2008, PAN has been made mandatory for all the applications received in the Scheme, irrespective of the amount of transaction. Every application in the Scheme shall have PAN mentioned in the form and a copy of PAN card shall be attached with the form.

AMFI vide its circular dated August 16, 2010 has mandated Know Your Customers (KYC) requirements for all categories of non individual investors including individual investors of channel partners with effective from October 1, 2010.

\*Channel Distributors are those distributors who have an arrangement with Deutsche Asset Management India Private Company Limited (DeAM India) wherein they submit the mutual fund transactions details (viz. subscriptions/ redemptions/switches etc.) of their clients, electronically to DeAM India.]

Further in accordance with the AMFI circular dated October 07, 2010, all the individual investors need to be KYC compliant w.e.f. January 01, 2011 for making investments in units of Mutual Fund.

The above category of investors for the purpose of KYC compliance shall include (i) their constituted Power of Attorney (PoA) holder, in case of investments through a PoA; (ii) guardian investing on behalf of minor, (iii) each of the applicants, in case of application in joint names and (iv) if an individual becomes an investor due to an operation of law, e.g., transmission of units upon death of an investor, the claimant / person(s) entering the Register of unit holders of the Fund will be required to KYC compliant before such transfer takes place. The same is explained in detail under "Specific provisions with respect to KYC". The aforesaid provisions shall be applicable in respect of all investments - new or additional purchases or switches or new SIP or STP registrations made on or after January 1, 2011, except existing SIP/ STP/ SWP (or similar facility) including those received till December 31, 2010 and dividend reinvestment transactions.

**Investments in Micro SIP and investments from investors residing in Sikkim:**

In respect of Micro SIPs, Deutsche Asset Management shall continue to implement the uniform KYC procedure for Micro SIP as per AMFI circular 35P/MEM-COR/4/09-10 dated July 14, 2009 with the following additional requirement i.e. In addition to the photo identification documents prescribed under clause 4 of the AMFI circular referred above, we shall require a copy of the proof of address which is self attested and attested by the ARN holder. However, investors with PAN are not eligible for simplified KYC procedure for Micro SIP.

In respect of investment by an investor residing in Sikkim, the investor should submit the proof of address of Sikkim state and the same address should be mentioned in the application form. Address proof shall be self attested by the investor / attested by the ARN holder mentioning the ARN number or attested by any competent authority.

#### KYC Procedure

The Association of Mutual Funds of India (AMFI) has facilitated a centralized platform CVL, a wholly owned subsidiary of Central Depository Services (India) Limited, to carry out the KYC procedure on behalf of all Mutual Funds. CVL through its Points of Service (POS) will accept KYC Application Forms (available on the website of mutual funds), verify documents and provide the KYC Acknowledgement (across the counter on a best effort basis). The list of PoS is displayed on the websites of Mutual Funds, CVL and AMFI.

Once the KYC is duly completed in all regards, the investor needs to attach their KYC Acknowledgement along with the Investment Application Form(s) / Transaction Slip(s) while investing for the first time in any mutual fund. If KYC is recorded in the Folio No., no further proof needs to be submitted. As per the guidelines of SEBI/AMFI, first investments not accompanied by KYC Acknowledgement are liable to be rejected by the Mutual Fund.

A KYC Application Form has been designed for Individual and Non-Individual Investors separately. These forms are available on the website of mutual funds, AMFI and Central Depository Services (India) Limited (CDSL). Please read the instructions printed on the KYC Application Form before filling-up the form.

Recently vide its master circular dated February 12, 2010 and December 31, 2010, SEBI has laid down the KYC norms to be adopted by all intermediaries in the market including AMCs. Accordingly, all investments in the Units of the Fund(s) or any of its Schemes is/are subject to scrutiny and due diligence including, know your customer (KYC) due diligence as per (a) anti money laundering and other applicable laws, rules, regulations, circulars and byelaws notified and in force, in India from time to time ("Applicable Laws"); and (b) internal anti money laundering policies and procedures of the AMC ("AML Policies"). The AMC (including its agents) reserve(s) the right to freeze or terminate any folio which is not in accordance with or is otherwise found to be in breach of any Applicable Laws and/or internal AML Policies of the AMC, at any point of time, before or after the allocation of Units.

Further, in terms of SEBI circular dated August 12, 2010, all new folios/accounts can only be opened if all investor related documents, including KYC documents etc are available with the AMC and/or its Registrar.

**Specific provisions with respect to KYC**

**Joint Holders:** Joint holders (including first, second and third, if any), are required to be individually KYC compliant before they invest with any Mutual Fund. Copies of each holder's KYC Acknowledgement must be attached to the investment application form with any Mutual Fund.

**Non Resident Indians (NRIs):** NRIs are also required to be KYC compliant. In addition to the certified true copy of the passport, certified true copy of the overseas address and permanent address is also required. If any of the documents (including attestations/certifications) towards proof of identity or address are in a foreign language, the same need to be translated to English for submission. The documents can be attested, by the Consulate office or overseas branches of scheduled commercial banks registered in India.

**Person of Indian Origin (PIOs):** The requirements applicable to NRIs will also apply to PIOs. However, additionally, PIOs need to submit a certified true copy of the PIO Card.

**Minors:** In case of investments in respect of a Minor, the Guardian should be KYC compliant and attach his/her KYC Acknowledgement while investing in the name of the minor. The Minor, upon attaining majority, should immediately apply for KYC compliance in his/her own capacity and intimate the concerned Mutual Fund(s), in order to be able to transact further in his/her individual capacity.

**Power of Attorney (PoA) Holder:** Investors desirous of investing through a PoA must note that the KYC compliance requirements are mandatory for both the PoA issuer (i.e. Investor) and the Attorney (i.e. the holder of PoA), both need to be KYC compliant in their independent capacity and attach their respective KYC Acknowledgements while investing.

**Transmission (In case of death of the unit holder):** If the deceased is the sole applicant, the claimant should submit his/her KYC Acknowledgement in the request along with the other relevant documents to effect the transmission in his/her favour.

- In the event of any KYC Application Form being found deficient for lack of information/insufficiency of mandatory documentation, further investments will not be permitted in the said folio and all other folios having same PAN.
- All document copies are required to be self certified by the investor and certified by any one of the following:
  - AMFI certified distributor (with ARN affixed) procuring the investment.
  - The offices of Deutsche Asset Management (India) Private Limited or Investor Service Centres of Deutsche Investor Services Private Limited, Registrar and Transfer Agents.
  - Bank Manager's Attestation
  - Notary

The investors are requested to note that the above-mentioned process may be subject to changes from time to time. The same will be intimated to the investors by way of an Addendum.

c) Please provide the name of the Guardian in case of investments on behalf of minor or the name of the Contact Person in case of investments by a Company/Body Corporate/Partnership Firm/Trust/Society/FIIs/Association of Persons/Body of Individuals.
